Gov. BRADLEY has been so busy trying to keep McKinley from poaching on his Kentucky preserves that he has been unable to do business with his neighbors in Tennessee, and McKinley is sweeping that State, with the Reid sentiment showing up dangerous. Well, Bradley will be fortunate if his own State instructs for him.

SECRETARY CARLISLE.

He Would Have Some Opposition in Mason County For President.

The Louisville Post Monday published opinions of the Chairmen of Democratic Executive Committees throughout the State with reference to Secretary Carlisle's candidacy for President. Following is what ex-Sheriff Alexandria has to say:

MAYSVILLE, Ky., April 6.—Mr. Carlisle would make a very formidable candidate for President. He'd have some opposition in our county (Mason), as some think he did not give the Democratic nominees for State offices at last election the proper support that he should have given, holding office under a Democratic administration as he did. And some others oppose him for not advising his Democratic friends to vote for the Democratic nominee before the last Legislature for United States Senator.

I have no doubt that Kentucky will go Democratic at the Presidential election in November, 1896.

JOHN W. ALEXANDER, Chairman.
As Mr. Alexander says in his letter to the Post, some Mason County Democrats are opposed to Secretary Carlisle, for the reasons stated, but we believe he would probably come as near polling the solid Democratic vote of the county as any one who could be named for President.

A MAN'S health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia, kidney disease, rheumatism, consumption, skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood.

Send twenty-one one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address, World's Dispensary Medical Association, Buffalo, N. Y.

The Time for Building

If the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.

Hood's Pills become the favorite cathartic with all who use them. All druggists. 25c.

You will regret it if you don't see that beautiful hall clock at Ballenger's. It's made of solid mahogany, beautifully carved and polished, and is fitted with a Regina music box which plays just before the hour is struck. There is almost no limit to the number of tunes it plays. Call and hear it play.

That

Extreme tired feeling afflicts nearly everybody at this season. The hustlers cease to push, the tireless grow weary, the energetic become enervated. You know just what we mean. Some men and women endeavor temporarily to overcome that

Tired

Feeling by great force of will. But this is unsafe, as it pulls powerfully upon the nervous system, which will not long stand such strain. Too many people "work on their nerves," and the result is seen in unfortunate wrecks marked "nervous prostration," in every direction. That tired

Feel-

ing is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is, therefore, apparent to every one, and the good it will do you is equally beyond question. Remember that

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are easy to take, easy to operate. 25 cents.

HORSE SALES.

Mr. Joe Kindig, the Pennsylvanian, Secures Another Car-Load of Good Oaes.

Yesterday was another lively day in the horse market at Mose Daulton & Bro's stables.

Mr. Joe Kindig, of York, Pa., was there on one of his monthly visits and purchased sixteen head.

He will return in about four weeks for another purchase. Have your horses in shape and bring them in.

Mr. Kindig will aim to be here once in every four weeks, and we would advise farmers and dealers to have their stock in good flesh, as his visits here are a good thing for them.

His purchases Tuesday—a car-load—were shipped to-day.

HORNER & CO.

A SPECIAL from Brooksville says Bracken County can be put down for McKinley or Reed. The Republicans of Bracken are very much disgruntled with the State administration over the turn-down of their candidates for office, and now propose to play even with Bradley by sending a McKinley crowd to the district convention.

While returning from work on the new pike Tuesday afternoon Mr. John Purdon, Sr., of Aberdeen, met with a very painful accident. The team of horses he was driving became frightened and ran off down a hill. To save himself he tried to jump out but his feet caught in the lines and he was dragged quite a distance before some men could reach him and stop the team. His leg and foot are badly hurt, but no bones were broken. Dr. Eaton dressed the wounds and says they are not dangerous, but will lay Mr. Purdon up for some time to come.

"My Wife's Friend" will be presented at the opera house Friday night by William C. Andrews and his associate players. The play is one of those side splitting comedies of which "Featherbrain" probably was the first seen in this country. "My Wife's Friend" is strictly American, the action taking place in picturesque New Jersey and the characters picturesque Jerseymen, who are stuck on Elizabeth, N. J. Mr. Andrews is a new star in the field; his style is quaint, perhaps a little like Roland Reed or Sol Smith Russell; anyway he is said to be very funny, and has been well received in the Metropolitan cities. Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in liquidating and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

Mr. John H. Ward, a well-to-do and respected farmer of the Mayslick neighborhood, died very suddenly at 2 o'clock this morning. He had been troubled with disease of the heart for some time, but was out on his farm late Tuesday, and was feeling as well as usual when he retired for the night. He and his wife expected to come in to-day on a visit to her sister, Mrs. Grant Killpatrick, of this city, but instead of the visit there came the sad news this morning of his sudden death. Mr. Ward was a son of Thomas Ward and was about fifty years old. His wife, who was Miss Martha Ray, survives him, but he leaves no children. The funeral will occur Friday at 2 p. m. at Shannon. Interment at Shannon Cemetery.

MRS. JAMES M. TUCKER.

Mrs. James M. Tucker, aged seventy-six, of Washington, died this morning at 4 o'clock, after a few hours illness. She retired last night, apparently in her usual health. About midnight she was taken sick suddenly and died at the hour above mentioned. Her husband and four children survive. The funeral will occur at the residence Thursday at 2 p. m., and will be conducted by Rev. W. T. Spears. Interment at Washington.

FOUR SHOTS.

Ex-Marshal Thompson, of Ripley, is Seriously Wounded by His Son-in-Law.

John W. Thompson, living about four miles north of Ripley, was shot and seriously wounded at his home about noon Monday by his son-in-law, Carey Gardner.

The trouble arose over family matters. Gardner fired five shots, four of which took effect, inflicting two severe flesh wounds in the legs, one in the arm and the other on the head.

The wounded man was brought to Ripley and given medical treatment.

Thompson lived in Ripley until two years ago and served several terms as Marshal there. He also did considerable detective work and is well known in police circles along the river.

Gardner had not yet been arrested at last accounts.

CASTORIA

for Infants and Children.

MOTHERS, Do You KNOW

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.

PROCEEDINGS OF CONGRESS.

Postoffice Appropriation Bill Passed by the Senate—House Proceedings.

WASHINGTON, April 8.—The postoffice appropriation bill, which has engrossed the attention of the senate for almost a week, was passed by that body just previous to adjournment yesterday. The entire day, with the exception of a few minutes at the beginning of the session, was devoted to debate and voting upon the amendments proposed to the bill, the Wolcott amendment for the consolidation of smaller offices with larger ones receiving the greater share of attention. The discussion on this proposition again took the form of a debate upon the merits of civil service reform, and was participated in by Messrs. Vilas, Wolcott, Allen and Hill, Hear, Gorman, Stewart and others. There were some rather spirited dialogues between Messrs. Vilas and Allen and between Messrs. Wolcott and Hill. Mr. Wolcott criticized Secretary Smith for his participation in the Georgia campaign and was replied to by Mr. Hill. The amendment was defeated by a decisive vote, receiving only seven votes in its support.

The house spent the day debating a bill to fix the standard of weights and measures by the adoption of the metric system on and after July 1, 1898, and a proposition that the government share with the District of Columbia the expense of creating and maintaining a public library in the city of Washington. The latter was defeated, 113 to 127, and the fate of the metric system bill still stands on the balance. On a rising vote it was defeated. Mr. C. W. Stone of Pennsylvania, chairman of the committee on coinage, weights and measures, who has given the subject much attention and who warmly supported it, secured the yeas and nays and pending the rollcall the house adjourned.

A German Pole Turning Black.

ELKHART, Ind., April 8.—John Kaminski a German Pole residing in this city, is afflicted with a strange disease that baffles the skill of the physicians. He feels all right physically, but is greatly distressed mentally by the fact that his face, neck, hands and arms to the elbow have turned a jet black. Other parts of his body are not afflicted. This coloring process has been going on for two months.

Two Men Instantly Killed.

DOWNTOWN, Pa., April 8.—Charles B. Larkin and Patrick Cordigan, two members of a wrecking crew, were struck by a fast freight train on the Pennsylvania railroad near here yesterday and instantly killed. The men had been detailed to assist in clearing the track of a trifling wreck and were returning to this place, walking on the track, when the freight struck them.

NO FORTUNE THERE.

Discouraging News to Expectant Heirs of Several Millions.

UTICA, N. Y., April 8.—About a month ago 150 of the descendants of Casper Cronkheit, in this state, held a meeting here to take steps to advance their claim on an estate valued, it was claimed, at several millions in Holland, which it was also claimed, had been held for the benefit of the fourth generation of the Cronkheit family.

In answer to a communication in reference to the estate, Mayor Gibson of this city received a letter from United States Consul Downes, located at Amsterdam, the Netherlands, stating that he can ascertain there is no fortune of the nature claimed, or if it ever existed the estate would have returned to the state under the Dutch statute of limitations.

CRUELTY OF SPANIARDS.

Thrilling Story of Shipwreck and a Narrow Escape From Death.

PHILADELPHIA, April 8.—A thrilling story of shipwreck and a narrow escape from death by the Spaniards patrolling the south coast of Cuba, was told yesterday by Mate William Adams of the British bark Barncliffe, which was recently totally wrecked on the small island known as Cape Decruz, lying to the southeast of Cuba.

Mate Adams, with seven other members of the crew, arrived here from St. Jago on board the Earn line steamship Barnwood. He denounced the manner in which he and his suffering shipmates were treated by the Spaniards. The crew took to the open boat when the vessel struck, as she became at once in total wreck, and pulled for the shore of the island, expecting to land. They were faint from exhaustion, but were driven back into their boats by Spanish soldiers, and their only alternative was to row north to Manzanilla, a distance of 75 miles, which port it took them 48 hours to reach. Their sufferings were intense as the heat became unbearable.

They were hailed at 1 o'clock on March 22 by a Spanish man-of-war. Mate Adams could not get her name but she made them come alongside and officers came into the boat and searched her from stem to stern. All protested that they were only shipwrecked seamen, but the Spaniards never offered to take them on board. Mate Adams was forced to turn his pockets inside out and give up a revolver he prized very highly. After about an hour's detention they were set adrift and on the evening of the following day, more dead than alive, they reached Manzanilla. Here they were again detained for some time until the Spanish authorities satisfied themselves they were not filibusters.

Collision of Ocean Vessels.

NEW YORK, April 8.—While proceeding to sea last night the steamship Bellard, bound for South American ports, came into collision, near quarantine, with the Red Star line steamship Friesland, and was so badly injured that she was beached at Staten Island to prevent sinking. No one aboard either vessel was injured. The Friesland proceeded to her dock apparently only slightly damaged. The Bellard, which was heavily laden with freight, commenced to fill as soon as she was struck, and when she was beached had 14 feet of water in her hold.

ELKHART, Ind., April 8.—A small wreck occurred on the Three I railway, near Walkerton, and six Swift & Company meat cars were derailed, caused by the spreading of the rails. No one was injured.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
